

# Description

---

The Samsung Galaxy A51 and A71 devices feature Quad Cameras so you can capture more awesome.

The high-resolution camera enables you to capture crisp photos that are clearer during the day and brighter at night. Record high quality action video utilizing Super Steady which gives you smooth live videos, even when your journey is on the bumpy side. The advanced 5MP Depth Camera knocks out any unwanted background noise from your images to make them look more professional.

Enjoy more of what you love and see it all on a beautiful high-resolution Infinity-O display.

Stay connected with a long-lasting battery that gives you the power to share and stream.
